

Vasco Extend Government Discount Offer!

The Vasco Government discount is now available for orders placed before **31st December 2009** and now includes the offer of Vasco's **Server Back up licence and Virtual Digipass**, detail is dependant on whether the organisation is an existing or new customer. As with the previous promotion the discount is available only to Vasco partners who are active in the government, education, NHS and charity verticals.

Any special pricing requests need to be sent to Vasco for all components (including Digipasses excluding VPA) when processing the order.

The promotion covers all Government organisations including Councils, NHS, Education and charities.

Guidelines

All orders must be accompanied by an official quotation from Vasco Data Security and the business procured via a named approved Vasco partner.

The discount can be applied for all new product purchases (not renewal only sales) when selling to both existing and new end user customers.

The Offer

40% off RRP for the enduser
20% off new RRP for the reseller
10% off for distributor.

For NEW Vasco customers:

1. FREE BACKUP SERVER + FREE MAINTENANCE on Backup server for 1st Year. No user limitations but quantity needs to be the same as Primary solution.

The free back up server needs to be ordered together with Primary solution and applies to VM MW (+ webfilter), Identikey (+web/soap) and plug-in licences.

2. VIRTUAL Backup Digipass (+ maintenance)

This will always be quoted at 1005-5000 user price bracket (above discount scheme applies) and needs to be ordered at the same as the number of hardware DP being purchased for the initial order.

Plus the customer agrees to complete a jointly written case study within three months of deploying Vasco.

For EXISTING customers (with valid maintenance on primary server):

1. BACKUP server

Offered on a case by case basis the Backup server solution at 1005-5000 user pricing.

Quantity needs to match the Vasco Primary solution deployed.

The offer applies to VM MW (+ webfilter), Identikey (+web/soap) and plug-in licences.

2. VIRTUAL Backup Digipass (+ maintenance)

This will always be quoted at 1005-5000 user price bracket (above discount scheme applies) and needs to match the number of hardware Digipasses deployed.

Plus the customer agrees to complete a jointly written case study within three months of this special offer.

NO VPA TERMS ALLOWED
