

WatchGuard Promotion

NEW Firebox[®] X Core[™] High Availability Offer *Saves Over 50%*

All networks face the same issue. No matter the size or scope, networks need to be secure without sacrificing productivity. You want the best security, highest performance and most intuitive user experience available. Smart customers have discovered the solutions they need with the WatchGuard Firebox X e-Series.

Until 31st August 2009, purchase WatchGuard's Firebox X1250e UTM Bundle at full SRP today and get a 50% discount on a Firebox X1250e with LiveSecurity.

And there's more! Get Fireware Pro for both units FREE OF CHARGE

Benefits of High Availability with the Firebox X Core

- Fewer single points of failure in your system
- Security subscriptions failover automatically
- Complete security redundancy in a single additional device

Discount Saving

The price for the above if purchased separately is £6268.00 SRP.

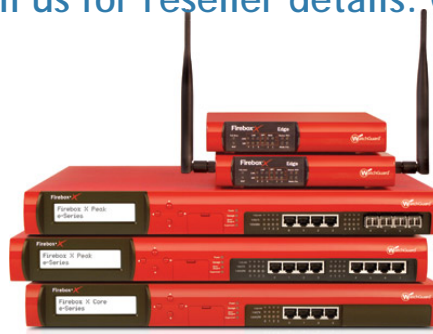

Purchase both models for HA use at the discounted price of £4353.50 gives you a total saving of £1914.50 - that's over 30% discount!

How the Promotion Works

Call your reseller, or Wick Hill for reseller details, to purchase the eligible models, namely;
 Firebox X1250e UTM Bundle (WG51253), (WG51253-2), (WG51253-3).
 X1250e with LiveSecurity (WG51250-1), (WG51250-2), (WG51250-3).

It's that simple!

Contact your reseller or call us for reseller details: **01483 227600**

Note: Promotion not valid with any other promotion or rebate. Errors and omissions excluded.
