

## WatchGuard Firewall Administration Course

The purpose of this 1 day course is to give new WatchGuard firewall administrators an introduction to the configuration and management of WatchGuard Firewalls.

### You Will Learn How To:

- Gain an overview of WatchGuard System manager and Firebox System manager
- How to configure the Firewall, its network Configuration and Network Address Translation (NAT)
- Learn the rule base configuration, set up the filter Configuration and proxy Configuration
- How to create a Virtual Private Network (VPN), either through branch office VPN's, Mobile User VPN or SSL VPN
- Basic trouble shooting is also covered by understanding logs and using HostWatch

By the end of the course candidates will be able to build and manage the firewall rule base, configure and manage VPN tunnels and troubleshoot rule base issues.

### Course Benefits:

Multi-functional security is a major requirement for small and medium-sized enterprises. Additionally, IPSec VPNs provide major benefits for organisations providing secure authenticated communications inexpensively over the internet. Due to increased firewall requirements there is increasing need for packet and proxy filtering and for remote management.

XTM Firewall training enables an overview of the configuration and implementation of firewall policies, VPNs, add-on modules and associated management and reporting.

This administrator's course covers the configuration and management of the XTM Firewall range of multi-function security appliances using the latest OS from WatchGuard. It includes a mixture of hands-on and theoretical sessions.

### Who Should Attend:

This course is valuable for all IT professionals who are responsible for the administration and management of XTM Firewall security appliances.

Some knowledge of basic networking concepts including network topologies, IP addressing and subnets is assumed. Some knowledge of security is helpful but not essential.

**Duration:** 1 Day

### Costs:

The WatchGuard Administration Training Course costs £349.00 or discounted to £199.00 when purchased within 30 days of procuring your WatchGuard Firewall through a Wick Hill reseller.

### Venue:

WatchGuard Accredited Training Centre  
Wick Hill Ltd,  
River Court, Albert Drive  
Woking, Surrey,  
GU21 5RP
